Rates shown below are calculated per square foot, with the boat LOA and beam being the same dimensions as used for storage calculations on the winter storage contract. **Included** with the shrink wrap cover that extends over the hull sides is a **zippered access door and interior mildew protection** as well as **monitoring during the winter storage season** in which it was installed.

The Environmental/Disposal charge covers the shrink wrap removal and disposal cost.

Bimini tops, enclosures, sails, dodgers and antennas must be removed prior to the installation of the winter cover. **When not removed by the owner, Larsen Marine will bill additional for this service.** Shrink Wrap covers are not recommend for painted hulls.
