2020 Seasonal Protection Package

Provide the ultimate protection for your boat—the **Seasonal Protection Package**. For your convenience we have grouped together the most common seasonal services and given you the most cost-effective package available to protect your investment and to keep you on the water, trouble free.

Seasonal Protection includes the following services:

- Winterize engine(s)
- Winterize fresh water system
- Winterize head (see notes)
- Holding tank pump out
- Pressure wash boat bottom
- Change engine oil and filter
- Replace fuel filter
- Change transmission/Drive oil
- Spring engine start/connect batteries
- Remove bilge drain plug (if applicable)

Note: Prices are for labor only; parts such as oil, filter, antifreeze, etc., are additional.
